Subject: AR0021776_Nashvilles Dec 2 2016 approval of Pretreatment Program mods to be current with the Streamlining revisions to 40 CFR 403_20161208

Larry,

The most recent modifications/revisions to Nashville's Pretreatment Program are hereby approvable per provisions in 40 CFR 403.11 on the date of **12/2/16**. Since your Pretreatment modifications were the same published in the Federal Register October 14, 2005 @ <https://www.gpo.gov/fdsys/pkg/FR-2005-10-14/pdf/05-20001.pdf> , no ADEQ public notice was necessary according to EPA Headquarters.

Nashville's NPDES permit AR0021776 will either be modified to reflect this minor modification per 40 CFR 122.63(g) [no public notice] or reflected in your next permit incorporating appropriate standard "Streamline Approved" language.

Thank you for helping wrap this up.

Sincerely,

Allen Gilliam
ADEQ State Pretreatment Coordinator
