Dear Mr. Roberts,

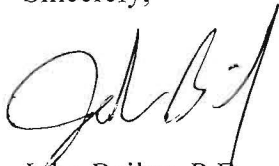

The Department received Bentonville's final Pretreatment Program modification on November 4, 2013. The modified Program is in compliance with the required Streamlining modifications located in the Federal Pretreatment Regulations in 40 CFR 403.

ADEQ approval procedures for Bentonville's Pretreatment Program's non-substantial modification submittal will follow those prescribed in 40 CFR 403.18(e). As a non-substantial modification to the City's Pretreatment Program, no public notification is required.

In accordance with 40 CFR 122.63(g), this minor modification will be incorporated as enforceable conditions of Bentonville's NPDES permit. Please find attached the updated and appropriate replacement pages.

The Pretreatment Program's modification effective date will be 12/1/13 although its approvable date will be declared as 11/4/13. If there are any questions, please feel free to contact Allen Gilliam at (501) 682-0625 or at gilliam@adeq.state.ar.us.
