Pratima,

I appreciate your taking the time yesterday to show me the Arez facility in Crossett, AR.

Remember your first pretreatment report [**40 CFR 403.12(b)**] is due at least 90 days before Arez commences regulated discharge to the Crossett POTW (local sewer system).

Thanks,

Rufus

Hi Rufus,

Thanks for your visit yesterday. It was pleasure meeting you.

Yes, we need to submit BMR at least 90 days before we could discharge to the Crossett POTW.

I appreciate your information.

Thanks,
Pratima Shrestha
