**Attachments:** ADEQ 1-20-2015.pdf

Randy,

PJ's two (2) 2014 semi-annual Pretreatment reports have now been received, albeit late. Hopefully, through our recent e-mails and phone conversations it is now understood your semi-annual reports are due during the months of April and October of each year whether discharging regulated wastewater or not.

In the attached you have certified PJ's has not discharged 40 CFR 442 (Transportation Equipment Cleaning) wastewater to the City of Crossett's sewage collection system from the fiscal year of October 1, 2013 through September 31, 2014 which covers the April and October 2014 semi-annual reports.

Thank you for your cooperation helping this office get PJ's file somewhat back in order and up-to-date.

Sincerely,

Allen Gilliam  
ADEQ State Pretreatment Coordinator

Hi Allen,

I've had issues with my email lately and actually had to send the attachment to you twice on Tuesday, with the first email somehow disappearing somewhere, which wasn't noticed by me until late in the day. Can you please confirm that you got my letter and it is sufficient?

Thanks,

***Randy Coats***

Allan,  
Please see attached and let me know if it's acceptable. It was a pleasure speaking with you this morning.  
Thanks,

Allen Gilliam  
ADEQ State Pretreatment Coordinator

Mr Gilliam,

This letter is to comply with the reporting requirements for Industrial Users regulated by 40CFR442 and to certify under penalty of law that PJ's Tank Wash in Crossett did not discharge any federally regulated waste water to the Crossett sewage collection system for the fiscal year period of October 1, 2013 thru September 31, 2014. To the best of my knowledge and belief this statement is true and accurate. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment for knowing violations.

Sincerely,

Randy Coats  
Director of Operations  
Sherman Bros/Team Transport/PJ's Tank Wash
