Re: Permit Number: ARP001050  
State of Arkansas Pretreatment Reporting Requirements<sup>1</sup>

Dear Mr. Barry:

In accordance with **40CFR403.12(e)** industrial users with processes regulated by categorical pretreatment standards (40CFR467, et al) must submit semi-annual reports to the Control Authority (ADEQ) to demonstrate continued compliance when the discharge from the regulated processes enter, can enter or will enter a Publicly Owned Treatment Works (POTW—local municipal sewer system). Superior reports are due each year in May and November. Superior's next semi-annual report is due in this office after **May 1, 2006** and before **May 31, 2006** by close of business day (4:30 p.m. CST).

If Superior or an authorized representative has questions or needs more information, please contact ADEQ NPDES Pretreatment at 682-0626.

Sincerely,

Rufus J. Torrence, Pretreatment Engineer ([torrence@adeq.state.ar.us](mailto:torrence@adeq.state.ar.us))
