RE: Little Rock Wastewater Approved Pretreatment Program Manual

Mr. Gilliam:

*non-substantial mods per 403.18
AE*

Please find enclosed the revisions to Little Rock Wastewater Approved Pretreatment Program Manual. Revisions made to Sections 2 and 8 are being provided to address changes to the LRW extra strength surcharge program outlined in City of Little Rock Ordinance #20,594. Extra strength surcharge is not required by 40 CFR 403 General Pretreatment Regulations and is therefore removed from the Approved Pretreatment Program Manual.

The enclosed documents include a draft format with RED lettering to indicate new Pretreatment Program language and strike through (example) language to indicate what items has been removed/replaced. A final (clean) copy is enclosed for your records. The Approved Pretreatment Program Manual is intended to include all 40 CFR 403 required items.

*recycled
placed in Procedures Manual
