Chuck,

Your semi-annual report for December 2009 was reviewed and deemed complete and compliant with the Federal categorical regulations in 40 CFR 468 (no casting under 40 CFR 464 conducted this period). Production based categorical industry limits such as yours are more complex than most to understand and correctly calculate.

Your spreadsheet calculations for compliance are consistent with Mr. Torrence's. Spot calculations by hand were also conducted by this office to confirm the spreadsheets are accurate.

Thank you for your timely reporting and compliance with the Pretreatment standards in 40 CFR 403 and, more specifically, 40 CFR 468. Please file this correspondence with your Pretreatment records.

Until this office understands what the reports you send the City represent, you may cease sending these to this office. I'm still unsure of what some of the columns' values are.

Sincerely,

Allen Gilliam
