Dear Mr. Gillon, *Gillon*

Reference is made to our conversation regarding the cover letter transmitting the Industrial Survey for Mueller and Eakas Corporations. Evidently, the previous correspondence was inadvertently sent to the wrong address.

To correct this communication please find enclosed one copy of the industrial questionnaire required by each industry. Please note the dates these were submitted to us. We apologize if this breakdown has caused problems on your end. Please feel free to contact me anytime.

Sincerely,

Don M. O'Neal
General Manager
