Re: Wynne's Activity #1 Requirements in NPDES Permit #AR0021903;
AFIN # 19-00071

Dear Mr. O'Neal:

Your submittal of "Activity #1 Requirement" required on page 3 of Part III of your NPDES permit has been reviewed. Based on information from that industry user (IU) survey summary, NPDES compliance history and other information, development of an approved Pretreatment Program by the City does not appear warranted at this time.

Although your original cover letter could not be located, the IU surveys were received by this office in January of 2008.

As stipulated in "Activity #1", provisions to develop an approvable Pretreatment Program (Permit Part III, paragraph 8.B, Activities 2 through 7 and paragraphs 8.C. through 8.F.) are not necessary and are hereby waived.

If there are any questions, please feel free to contact this office. This notification waiving specific permit requirements should be filed with your NPDES Permit for future reference.

Sincerely,

John Bailey
Technical Assistance Manager, NPDES Permits Section
