West Memphis Utility Commission's 2020 Pretreatment Program Annual Report was received, reviewed, and deemed complete according to the reporting requirements of 40 CFR 403.12(i).

Thank you for your submittal. If you have any questions or concerns on this matter, please feel free to contact me.

Sincerely,

Anmol Jain | Engineer

Re: Annual Report

Mr. Yates,

As you will see in our Annual Pretreatment Report that inspections were not done in 2020. The reason that they were not done is because of the pandemic that we all are still under. We continued to do monthly sampling, only because we have limited contact with the few industries that are on our program.

Now, that things are getting better and we have had our shots, I feel that we will be able to do the inspections with limited contact. I know that you probably will not consider this and that we will be in violation, but I would ask that you take this into consideration.

Sincerely,

Denise Bosnick
Director of Environmental Quality
