Pam,

This office's records show your Pretreatment Program with the CFR 403 Streamlining modifications was "approvable" upon your last full submittal on July 31, 2014. Apologies are extended for not immediately notifying you.

It has yet to be incorporated into your NPDES permit as a minor mod (not needing public notice) under per 40 CFR 403.18(e), "Incorporation in permit. All modifications shall be incorporated into the POTW's NPDES permit upon approval. The permit will be modified to incorporate the approved modification in accordance with 40 CFR 122.63(g)." as this office has not had the time to revise your current permit and route the modification "up the chain".

Hopefully this incorporation can be made before the expiration of your current permit.

Sincerely,

Allen Gilliam
ADEQ State Pretreatment Coordinator

Hello Allen, Hope all is well with you. I was just wondering if you could send me a letter approving our Program. I have been using it anyways because the old one is so out of date. Just wanting to get this done. Have a great day.
