Re: Hazardous Waste Notification Requirement

Dear Dr. White;

The Arkansas Department of Environmental Quality (ADEQ) is requiring all wastewater facilities in the state of Arkansas, including Clarksville Light and Water to notify certain sewer customers of Federal Regulations relating to hazardous wastes. At this time, the ADEQ is specifically requiring our notification of businesses that dispose of the following into the City's sewage system: hazardous waste pharmaceuticals, mercury from amalgam, and /or silver from spent film processing wastes. If your business is not involved in the disposal of any of these materials listed, please notify Pam Smith by filling out the attached Hazardous Waste Certification Statement and returning it to Clarksville Light & Water address listed above within 30 days of the date of this letter.

However, if you are involved in the disposal of hazardous waste pharmaceuticals, mercury from amalgam, and/or silver from processing wastes into the City's sewage system; please be advised that there are regulations and requirements for doing so.

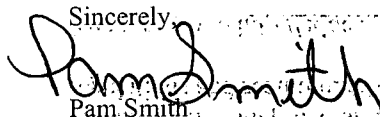

You may go to <http://edocket.access.gov/cfr2003/julqtr/40cfr403.12.htm> to find more.

Therefore, if you dispose of hazardous waste pharmaceuticals, mercury from amalgam, and/or silver from spent film processing wastes into the city's sewage system, please submit the required notification to the following:

- Pam Smith, Clarksville Light & Water P.O. Box 1807, Clarksville, AR 72830
- Troy Hill, US EPA Region 6, 1445 Ross Av, Suite 1200, Code: 6PD, Dallas, TX 75202-2733
- Ryan Benefield, ADEQ Hazardous Waste Chief, 5301 Northshore Drive, North Little Rock, AR 72118-5317 e 2

Failure to comply with the notification requirements outlined above may result in an inspection of your facility. If you require any additional information or explanation, please call me at 479-754-7929.

Sincerely,

Pam Smith
Pretreatment Coordinator

Cc: Allen Gilliam, ADEQ State Pretreatment Coordinator.

Hazardous Waste Certification Statement

Business Name: _____

Physical Address: _____

Owner of business: _____

- | | Yes | No |
|---|--------------------------|--------------------------|
| 1) Certify you <u>do not</u> generate hazardous waste as identified under 40 CFR 261 | <input type="checkbox"/> | <input type="checkbox"/> |
| 2) Certify you <u>do</u> generate hazardous waste as identified under 40 CFR 261, but either: | | |
| • DO NOT discharge this waste to the City's sewage system, or | <input type="checkbox"/> | <input type="checkbox"/> |
| • DO discharge this hazardous waste to the City's sewage system. | <input type="checkbox"/> | <input type="checkbox"/> |

A duly authorized representative of you business must sign the accompanying certification statement:

I certify under penalty of law that this document and all attachments were prepared under my direction or supervision in accordance with system designed to assure that qualified personnel properly gather and evaluate the information submitted.
