James,

Your Program modification to reduce industrial user slug potential evaluations from once every 2 years to "...will continuously be evaluated during their annual inspection by the City" is deemed a non-substantial modification per the directives in the Streamlining revisions to 40 CFR 403.

Your modified Pretreatment Ordinance with the revised language will replace the old Ordinance, but will remain numbered 1594.

If there are further questions please feel free to contact this office.

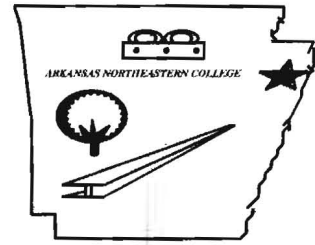

Sincerely,

Dear Mr. Gilliam,

Enclosed is the City of Blytheville's Pretreatment Ordinance # 1594. I have attached pages numbers to this document and you will find on page number 27 the Slug Control Evaluation language and the revised date at the bottom of the page.

Please replace the existing ordinance in our ^{Pret. Program} notebook with the one enclosed.

Thanks,

James Yankee
