Mark,

Your January 2012 semi-annual Pretreatment Report was received on 1/11/12 and reviewed. Your wastewater is compliant with the Metal Finishing standards in 40 CFR 433. However, the report is not complete.

- 1) Please re-submit page 4 [part (9) "Signatory Requirements"] with Jackie Elliot's signature and date on it (this may be done electronically via a PDF attachment to an e-mail to this office).

Question: Why did you analyze for arsenic? It is not one of the federally regulated parameters in 40 CFR 433.

These semi-annual reports can be submitted electronically in PDF to this office as long as the signatures are legible.

Thank you for your timely report and rectifying the signature omission.

Sincerely,

Allen Gilliam
