Jeff,

Your December 2010 semi-annual report was received on 1/3/11, reviewed, deemed complete and compliant with the National Pretreatment Regulations in 40 CFR 403 and the Metal Finishing Standards in 40 CFR 433. There are no further actions deemed necessary at this time.

Thank you for including the hand calculated combined wastestream formula which helps clarify your adjusted Federal limits taking into consideration the dilution stream(s). Please continue submitting these calculations on future reports.

As previously mentioned, your reports can be transmitted electronically to this office in the future as a PDF attachment as long as pertinent signatures are present and legible.

Thank you for your timely report and cooperation in remaining compliant with the Federal Pretreatment Regulations.

Sincerely,

Allen Gilliam
