Jeff,

Your semi-annual Pretreatment Report was received 6/23/11, reviewed and deemed compliant with the National Pretreatment Regulations in 40 CFR 403 and specifically the categorical Metal Finishing Standards in 40 CFR 433.15. No further action is deemed necessary at this time.

Comment:

Per conversations with Mr. Steve Thielemier on 6/29/11, page 2 of the semi-annual report was internally corrected and initialed by this office deleting the two asterisks (***) beside the "Sanitary" flow estimate. The footnote for these asterisks denote the sanitary flow is commingled with the regulated streams which is not the case.

Thank you for your timely report remaining compliant with the National Pretreatment Regulations.

Sincerely,

Allen Gilliam
