RE: Wastewater Discharge to City of Mena Sewer
Permit # ARP000026 AFIN 57-00001

Dear Mr. Torrence,

This letter is confirming our telephone conversation on April 21, 2009 regarding the damage to the Industrial Motors and Systems Division plant in Mena, Arkansas, due to the April 9, 2009 tornado. Treated wastewater discharges to the City of Mena sewer per Basis for Monitoring agreement between the City of Mena, Industrial Motors and Systems Plant and the ADEQ Water Division, have been discontinued. All wastewater from parts washing processes will be hauled off site to a treatment facility by Safety Kleen Corporation. I will let you know when we will be back on line.

Regards.

Earl V. Hightower
Environmental/Safety Manager
Mena Plant
