Subject: RE: Nidec Motor from Emerson (ARP000026) Name and Signatory Change (Mena AR0036692)

Allen,
Thanks for getting back with me and letting me know you received the ownership change notice.

Mr. Becker is the signing authority for the Nidec Corporation in the US at this time. The home office for the new corporation is in St. Louis on the Emerson Electric Campus. Mark is working out of that location. Please keep any communications on our permit coming to the plant.

I've been spending my available time on the draft copies of our SPCC and SWPPP, some of the information you are requesting is contained within these documents but I wanted to get you a final version rather than the draft version. Will the 24th be OK for me to send this to you?

We do have other permits and have submitted the required forms to each of the ADEQ Divisions.

Aaron Exley
EH&S Manager
IM&S Mena Arkansas, Emerson Electric

Aaron,

Your correspondence notifying this office of change of ownership (name change) and change in signatory authority to Mark Becker was received on 9/3/10, reviewed and placed in your file. Is Mr. Becker not on-site? I noticed his phone area code to be "317". Or is this his cell number?

When can this office expect an updated process(es) schematic and narrative as requested via e-mail from this office on 9/1?

If you have any other permits with ADEQ, the change of ownership form should also be forwarded to that division.

Sincerely,

Allen Gilliam
