Richard,

This office has not received your September 2014 periodic Pretreatment report. If there has been no discharge of regulated wastewater to the City's wastewater collection system since S&P's last June '14 report, so state, certify and submit within five (5) days of the date on this correspondence.

Otherwise, submit your discharged wastewater's analytical results and the periodic Pretreatment report with the appropriate certification statements within five (5) days of the date on this correspondence.

Sincerely,

Allen Gilliam
