Richard,

Your no discharge certification (attached) was received on 8/2/13 stating Street and Performance has discharged no regulated wastewater to the City's collection system since 4/9/13. This certification statement satisfies the quarterly reporting requirements requested from the City. Please continue this reporting practice whether discharging or not.

This office has noted your reporting months are December, March, June and September of each year or immediately after there is a regulated wastewater discharge to the City.

Please notify this office two (2) weeks prior to when you anticipate your next discharge as a site visit (with sampling) is scheduled to be performed before this year is up.

Sincerely,

Allen Gilliam
