**Subject:** AR0043397\_Rogers' 2011 Pretreatment Audit-P2 Assessment Corrective Actions Response Reply\_20111007

Paul,

Your submitted corrective actions in answer to the City's latest Pretreatment Program Audit/P2 Assessment has been received and reviewed. It addresses all required actions and most of the recommendations *except* for a response to further looking into Swift Chemicals' operations. This facility may be a categorical industry under 40 CFR 417. We may have discussed this over the telephone after the audit, but their status/survey results should have been discussed in your corrective actions correspondence.

You may address this omission electronically as an addendum.

Thank you for your prompt response to the Audit's required and recommended actions.

Sincerely,

Allen Gilliam  
ADEQ State Pretreatment Coordinator
