Dear Mr. Torrence,

Thank you for informing CWL of the final approval of the pretreatment program revisions. We appreciate the Department's assistance throughout this process. As required, we will submit the complete program update to the Department by July 1, 2013.

Sincerely,

Susan Merideth, P.E.

Re: CWL Pretreatment Program Modification: Narrative Update
(Permit No. AR0043401, AFIN 16-00936 & Permit No. AR0037907, AFIN 16-00152)

Dear Ms. Meredith:

This email is written to provide CWL with approval to submit the attached narrative to the Department. When the Department receives the complete program update (narrative with appendices), ADEQ will modify the non-tracking permit (AR0037907) to incorporate the program modification. The tracking permit (AR0043401) will not be modified at this time. When the permits are renewed the requirement to operate a pretreatment program will be included in the tracking permit. Only standard pretreatment language will be included in the renewed non-tracking permit.

Please submit the complete program in a notebook to ADEQ by July 1, 2013.

If CWL has any questions or concerns, please contact the Department at (501) 682-0626 or by email at torrence@adeq.state.ar.us.

Sincerely,

Rufus Torrence, Pretreatment Engineer
Water Division

Dear Mr. Torrence,

Attached please find the revisions to City Water & Light's Pretreatment Program narrative as required in the Department's email dated February 20, 2013. CWL is providing this updated narrative as part of the continuing effort to satisfy Section 6.a on Page 3 of Part II in NPDES permit number AR0037907.

If the Department requires any further information or has any questions or concerns, please do not hesitate to contact any of the CWL Pretreatment Staff. CWL appreciates the Department's assistance in this update to the Jonesboro Pretreatment Program.

Sincerely,

Susan Merideth, P.E.
