Subject: AR0043613_Everette Plating ARP001029 Termination of regulated wastewater discharge to the City and ADEQ reply_20130129

Thank you Jimmy and Ms. Olinger,

This office will need a signed (by Everett's signatory authority) certification statement reflecting the below for our files. This for the purpose of closing out your file as a non-discharging Federally regulated categorical industry under 40 CFR 433.

This is also a requirement of 40 CFR 403.12(j), "*Notification of changed Discharge. All Industrial Users shall promptly notify the [ADEQ] and the [City of Magnolia] in advance of any substantial change in the volume or character of pollutants in Discharge...*"

Thank you for your prompt attention to this matter.

It has been a pleasure working with you throughout the years. Please feel free to contact this office in the future if there are any Pretreatment issues that may come up.

Please retain this and the certification statement for a period of three (3) years per 40 CFR 403.12(o).

Sincerely,

Allen Gilliam
ADEQ State Pretreatment Coordinator
501.682.0625

ec: Russell Thomas, City of Magnolia Wastewater Manager

Subject: January semi-annual Pretreatment report - Everett Plating, Inc

Mr. Gilliam,

Everett Plating, Inc discontinued wastewater discharge on December 1, 2012. We removed all discharge piping and equipment. The city of Magnolia has been advised and is well aware of this action. Please contact me personally if you have any more questions or concerns.

Thanks
Jimmy Cheatham
