Brian,

Your April 2011 semi-annual report was received on 4/29/11, reviewed, deemed complete and compliant with the Pretreatment Reporting Requirements in 40 CFR 403.12(e) and the Metal Finishing Standards in 40 CFR 433.15. No further action is necessary at this time.

What is the status of your second, nearby building and its proposed metal finishing operations? Do you have a schedule for when operations and regulated wastewater discharge may begin?

Thank you for your timely report and remaining in compliance with the National Pretreatment Regulations.

Sincerely,

Allen Gilliam
