Subject: AR0046566_Industrial Metal Finishing #1 (ARP001023) May 2010 Toxic Organic Management Plan (TOMP) Review and Approval_20111004

Brian,

I cannot locate ADEQ's approval of your electronically submitted (5/21/10) TOMP for your IMF #1 facility.

The TOMP submitted is approved and satisfies the requirements in 40 CFR 433.12(b).

You may continue to certify, "Based on my inquiry of the person or persons directly responsible for managing compliance with the permit limitation...for total toxic organics (TTO), I certify that, to the best of my knowledge and belief, no dumping of concentrated toxic organics into the wastewaters has occurred since filing of the last discharge monitoring report. I further certify that this facility is implementing the toxic organic management plan submitted to ADEQ."

Please keep this correspondence in your Pretreatment files for future reference to outside parties.

Sincerely,

Allen Gilliam
ADEQ State Pretreatment Coordinator
