Little Rock, Arkansas 72209

**PERMIT
FOR THE CONSTRUCTION AND/OR OPERATION
OF A SOLID WASTE DISPOSAL
FACILITY**

DOW CHEMICAL U.S.A.

Permit No. S00164
Ethyl West (Dow)
Dow Chemical U.S.A.
TO: Post Office Box 520
Magnolia, Arkansas 71753

Date November 16, 1979

LOCATION: S-18, T-17S, R-21W

ENGINEER: Mehlburger Engineers, Inc.
Little Rock, AR

This permit is your authority to construct and/or operate the Solid Waste Disposal Facility set forth in your application dated June 12, 1979. This permit is issued pursuant to and subject to the provisions of the Arkansas Solid Waste Management Act (Act 237 of 1971; Sec. 82-2701 et seq., Ark. Stats.), hereinafter called the "Act", the Arkansas Solid Waste Disposal Code, hereinafter called the "Code", and all other applicable rules and regulations of the Department of Pollution Control and Ecology, hereinafter called "Department", and the following terms and conditions:

1. The disposal facility shall be constructed, maintained, and operated in accordance with the final plans and specifications as approved by the Department and in compliance with all applicable provisions of the Act, the Code, and all other applicable rules and regulations.

2. This permit shall automatically terminate unless construction of the disposal facility has been commenced within 60 days ~~months~~ of the date hereof and completed with all reasonable diligence. The Department shall be notified in writing when the disposal facility has been completed in order that it may be inspected, **before being placed into operation.**

3. The disposal facility shall be operated by qualified personnel and maintained in good operating condition at all times.

4. This permit may be revoked or modified whenever, in the opinion of the Department, the facilities are no longer in compliance with the Act, the Code, and applicable rules and regulations. This permit shall not relieve the permittee, its agents or employees, from compliance with all provisions of the Act and the Code.

5. Nothing herein contained shall be construed as releasing the permittee from any liability for damage to persons or property by reason of the installation, maintenance, or operation of the disposal facility.

6. This permit is issued in reliance upon the statements and representations made in the application and the plans and specifications and the Department has no responsibility for the adequacy or proper functioning of the disposal facility.

7. A Registered Professional Engineer shall report the proper preparation of the site to the Department before the site is approved for operation. Final cover shall be placed **Approved: over the entire surface of all portions of the fill within (6) six months following the final placement of refuse in each area. The refuse placed in the landfill is limited to domestic type refuse only. No hazardous material will be accepted for disposal or storage.**

Magnolia, Arkansas 72753

Re: Transfer of Solid Waste Permit No. 164-S from
Dow to Ethyl, CSN: 14-0011

Dear Mr. Bias:

This letter is written as requested by Ted Bounds to confirm that permit No. 164-S was transferred this year to Ethyl Corporation as officially requested by Mr. Ray Wilkins' May 18, 1987, letter addressed to Mr. Mark Witherspoon.

All permit transfer conditions as indicated in our November 13, 1987, letter to Mr. Dan Wozniak have been met, therefore all permit terms and conditions contained in permit No. 164-S still apply to Ethyl Corporation and the operation including closure of this facility.

Please contact the Department if there are any questions.

Sincerely,

A handwritten signature in black ink, appearing to read "Joe Doughty".

Joe Doughty, P.E.
Engineer
Solid Waste Division
