RE: 2025 Annual Report
Waste Management Eco-Vista Compost Facility
Permit No: 0013-SCYW AFIN: 72-00144

Dear Mr. Banic:

On behalf of our client, Eco-Vista, LLC., Promus Engineering, LLC (Promus) is pleased to submit the 2025 Annual Report for the Eco-Vista Compost Facility. This report is being submitted in accordance with 8 CAR § 60, Solid Waste Management Rules, as adopted by the Arkansas Pollution Control and Ecology Commission and enforced by DEQ.

This report covers the period from January 1, 2025 to December 31, 2025. If you have any questions or comments regarding this submittal, please contact me via phone at 501.554.4547 or email at bfureigh@promusengineering.com.

Sincerely,
PROMUS ENGINEERING, LLC

Brad N. Fureigh, PE
Principal Engineer

cc: Mr. Don Tennison, WM Operations Supervisor
Mr. Blake Small, WM Senior District Manager
Mr. Tyler Wright, WM Environmental Protection Manager
Mr. Nick Schoggin, PE, WM Area Engineer

2025 ANNUAL REPORT
WM Eco-Vista Compost Facility
Permit No. 0013-SCYW AFIN: 72-00144

The following information is provided in accordance with 8 CAR § 60-808(c) and Part II, Condition 23 of General Permit 0001-SCYW.

1) Monitoring results of stormwater runoff/or site discharges as required by facility NPDES permits;

In accordance with NPDES Industrial Stormwater General Permit ARR000231, a stormwater sample was unable to be collected during the reporting period due to no discharge from the outfall.

2) A summary narrative of any changes to site design, changes in operations, or necessary maintenance or remedial measures taken at the facility during the past reporting period;

There were no design or operational changes during the reporting period.

3) Quantity, type, and source of incoming waste on a monthly basis;

During the 2025 calendar year, the site documented a “running total” of gate tons received by customer.

a) The quantity, type, and source of incoming waste for the reporting period is provided in the table below.

Month	Source (Customer Name)	Waste Type	Quantity (Gate Tons)
January	Washington/Benton Counties	Yard Waste	5.47
February	Washington/Benton Counties	Yard Waste	1.7
March	Washington/Benton Counties	Yard Waste	5.8
April	Washington/Benton Counties	Yard Waste	10.73
May	Washington/Benton Counties	Yard Waste	41.69
June	Washington/Benton Counties	Yard Waste	25.92
July	Washington/Benton Counties	Yard Waste	34.57
August	Washington/Benton Counties	Yard Waste	13.32
September	Washington/Benton Counties	Yard Waste	12.02
October	Washington/Benton Counties	Yard Waste	4.87
November	Washington/Benton Counties	Yard Waste	14.12
December	Washington/Benton Counties	Yard Waste	11.14
		Total	181.35

b) The amount of compost material processed during the reporting period is calculated below.

Volume of Compost Received:	181.35	gate tons, or
(Conversion of 0.254 gate tons ≈ 1 gate cubic yard (cy))	714.0	gate cy
i. From private parties	0	gate cy
ii. From WM service collection	714.0	gate cy
 A conversion factor is used of 3 gate cy to 1 finished cy of processed material:	 238.0	 compost cy

4) Quantity of compost sold or distributed on a monthly basis;

The finished compost can be used for on-site and off-site purposes. However, no compost material was sold or distributed during the reporting period.

5) Quantity of residue removed for disposal, and the date and location of disposal;

a) The quantity of residue removed from the composting area during the reporting period is provided below.

Volume of Processed Compost Material Removed:	238.0	compost cy
i. Provided to private citizens	0	compost cy
ii. Provided to Cities/Counties	0	compost cy
iii. Provided for On-Site uses	238.0	compost cy

b) Approximately 238 cubic yards of processed compost material were used on the side slopes of the landfill as a soil amendment and to help vegetation during the reporting period.

6) Any other information that may affect compliance with 8 CAR § 60.

a) Compliance Record: During the reporting period, inspections were conducted by the DEQ and the following comments were made:

Inspection Date	Comments
August 8, 2025	None
October 17, 2025	None

b) The cost to close the compost facility is included in the Eco-Vista Class 1 Landfill Closure Cost Estimate, which is updated annually with the AEIR.
