Re: Void Status of Class 4 Landfill Permit
BFI Saline County Landfill
Permit Number: 0277-S4 **AFIN: 63-00155**
Reference Document ID: 85212

Dear Mr. Zimmerman,

The Division of Environmental Quality Office of Land Resources (DEQ) received a Request to Void letter for the BFI Saline County Class 4 landfill permit dated March 12, 2024 (Document ID 85212). All waste was removed from the Class 4 landfill and relocated to the adjacent Class 1 landfill as detailed in the Waste Relocation Report, dated June 30, 2023 (Document ID 84404). Waste removal was verified by DEQ Engineering and Groundwater personnel on July 18, 2023, and DEQ Compliance personnel on September 14, 2023. Based on the result of these inspections, DEQ confirms that the Class 4 landfill no longer exists and is therefore not subject to Rule 22 Solid Waste Management Rules. Therefore, by this letter, the permit for the above-referenced facility is hereby placed in void status.

Since Permit No. 0277-S4 has been placed in void status, future regulatory requirements such as inspections, annual reporting, permit fees, and financial assurance will no longer be required for the Class 4 landfill. Should you have any questions regarding this correspondence, please contact Greg Banic of my staff at (501) 682-0040 or greg.banic@arkansas.gov

Thank you,

A handwritten signature in black ink that reads "Bryan Leamons".

Bryan Leamons, P.E.
