RE: Abandon of Piezometer P-3 at the Sunray Tontitown Facility
CSN: 72-0144 Permit No.: 162-S

Dear Kevin:

I am writing in regard to your letter dated June 13, 1996 concerning the decommissioning of waste mass piezometer P-3. This decommissioning was authorized by Mike Hood and as stated by Mike the piezometer should be re-installed after final grades of the landfill are reached in the area. Please submit a decommissioning report for piezometer P-3 for the files.

It was nice to visit with you last week. If you have any questions or comments, please call me at 682-0606.

Sincerely,

Dave Ann Pennington
Solid Waste Division Geologist

Mike Hood, Technical Manager
Solid Waste Division
Arkansas Department of Pollution Control & Ecology
P.O. Box 8913
Little Rock, AR 72219-8913

Dear Mr. Hood:

This letter is written regarding the piezometer (P-3) which is located on the north end of Site 3, Permit Number 123-SR-2, at the Sunray Services, Inc. Tontitown facility.

With the implementation of the minor modification on the north end of Site 3, and when fill operations progress to the area where P-3 is located, it will be virtually impossible to try to extend the pipe on the piezometer and fill around it without damaging the piezometer (the piezometer is installed in the waste mass). We are proposing to plug and abandon the piezometer, then reinstall it after final contours are established. Please notify me if this course of action is acceptable.

If you have any questions or comments, please feel free to contact me at (501) 751-7024.

Sincerely,

Kevin E. Hodges, P.E.
District Engineer

FACSIMILE TRANSMISSION

DATE: July 8, 1996
TO: Kevin Hodges
COMPANY NAME: Sunray Sanitation
FAX NO: 751-7524
FROM: Mike Hood
SUBJECT: P-3

This is your authorization to plug and abandon piezometer P-3 as shown on the plans. It is my understanding that P-3 will be re-installed after final grades of the landfill are reached in the area.

Thank you for your patience and cooperation.
