Re: Financial Assurance Instruments for Permit No. 123-SR-2, CSN 72-0144

Dear Mr. Holcomb:

Thank you for submitting the cost estimates for closure and post closure care. These estimates totaling **\$1,217,327** are acceptable to the Department. Please furnish us a financial assurance instrument in the approved amount not later than April 9, 1997. The current acceptable mechanisms for posting financial assurance are enclosed in the memo dated August 8, 1996 from Laura Gilson or it can be found in Chapter 14 of Regulation 22.

Please be reminded that these cost estimates and the financial instrument have to be updated annually. Annual updates shall consider if conditions at the landfill have changed since the last estimate. If no conditions have changed, the estimates can simply be updated for inflation. The future updates should be furnished at the same time that annual reports are submitted. Please reference your permit number and CSN number listed above when addressing any issues involving your facility.

Thank you for your cooperation.

Sincerely,

Mike Hood, P.E.
Technical Branch Manager
