Re: Tire Disposal

Dear Mr. Hodges:

We are pleased to submit the following quote for the disposal of tires at the Tonitown, Arkansas land fill.

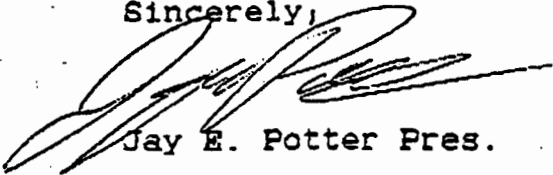

Based upon the records for Sunrays tire processing facility and averaging the month end total volume on hand at 130 tires, we have estimated the closure cost for two scenarios. [(a) Disposal on site] and [(b) shipping to a licensed tire processor.

(1) For disposal on site:
Processing (using existing cutter).....s 350.00
Bulldozings 500.00
Scraper.....s 500.00
Total:.....\$1,350.00

(2) For disposal at Tire Remediation, Inc., in Galena, Kansas. Using \$5.00 per tire delivered and \$10.00 per tire to deliver said tires:.....\$1,950.00

Thank you for the opportunity to bid this work with you. If we can further assist you please don't hesitate to contact us. This quote will be good until January 1, 1996.

Sincerely,

Jay E. Potter Pres.

Mr. Ed Kelley
Sunray Services, Inc.
P.O. Box 1310
Springdale, AR 72765-1310

Dear Mr. Kelley:

Your Waste Tire Processing Permit will expire on February 28, 1996. As you may already know, a permitted processing facility is required to submit a Waste Tire Processing Facility Annual Report by March 1, 1996.

Any renewal information received after this date will be assessed a \$10.00 late charge. Inaccurate and incomplete application packages will be returned without being processed.

Owners and operators of waste tire processing facilities shall submit to the Department an annual report, by March 1, 1996, that includes the following information on Form TP5 (Waste Tire Processing Facility Annual Report - Attached):

1. The facility name, address and permit number;
2. The year covered by the report;
3. The total quantity and type of waste tires or processed tires received at the facility during the year covered by the report;
