## NOTICE OF ADMINISTRATIVELY COMPLETE PERMIT APPLICATION

Northeast Arkansas Regional Solid Waste Management District (NEARSWMD) Class 4 Solid Waste Landfill Greene County, Arkansas Permit Number: 0120-S4

In accordance with provisions of Arkansas Pollution Control and Ecology Commission, Regulation 22.304(c), public notice is hereby given that an administratively complete permit application for the Northeast Arkansas Regional Solid Waste Management District (NEARSWMD) Class 4 Solid Waste Landfill has been submitted. The proposed landfill is located east of of Hwy 49, north of Paragould, Arkansas, more specifically, Section 21, Township 17 North, Range 6 East in Greene County. The landfill plans to accept residential and commercial Class 4 waste from the services areas of Greene, Clay, Lawrence and Randolph Counties. The proposed landfill disposal area is approximately 15.9 acres.

The major permit modification application was received by the Arkansas Department of Environmental Quality (Department) - Solid Waste Management Division on March 18, 2009. The name of the applicant is Northeast Arkansas Regional Solid Waste Management District. The proposed Class 4 facility will be used for the disposal of solid waste generated in the county area and eligible for Class 4 disposal as defined in the Arkansas Pollution Control & Ecology Commission, Regulation 22.

Any interested person may request that the Department hold a public hearing concerning the proposed Class 4 major permit modification application. Requests must be in writing and must be submitted within ten (10) business days of the publication date of this notice. The decision on whether to schedule a public hearing is at the discretion of the Director. If a hearing is scheduled, certified mail notice will be provided to the permit applicant and to all persons who submitted individual written requests for a hearing within this 10-day period as provided by law.

Requests for a public hearing should be mailed or delivered to Solid Waste Management Division Chief, Arkansas Department of Environmental Quality, 5301 Northshore Dr. North Little Rock, AR 72118-5317.

Additional details concerning the proposed permit, including a copy of the major permit modification application, can be made available for inspection by contacting the Solid Waste Management Division at the above address or by calling 682-0601. There may be a charge to cover photocopying for some documents.

A second public notice concerning this proposed permit modification will be published once the Department has developed a draft decision to approve or deny the permit. Upon publication of the second notice, any interested person may submit written comments to the Department regarding the technical and regulatory merits of the draft permit modification decision. All comments received will be considered in developing the final permit decision. If those comments are received within the comment period designated in the second notice. Other than the permit applicant, only those persons who submitted written comments during that specified comment period, or who make comments for the record at any formal hearing called by the Department regarding this permit application, will have legal standing to appeal any final permit decision.

erated in the surrounding county area and eligible for Class 4 disposal as defined in the Arkansas Pollution Control & Ecology Commission, Regulation 22.

Any interested person may request that the Department hold a public hearing concerning the proposed Class 4 major permit modification application. Requests must be in writing and must be submitted within ten (10) business days of the publication date of this notice. The decision on whether to schedule a public hearing is at the discretion of the Director. If a hearing is scheduled, certified mail notice will be provided to the permit applicant and to all persons who submitted individual written requests for a hearing within this 10-day period as provided by law.

Requests for a public hearing should be mailed or delivered to Solid Waste Management Division Chief, Arkansas Department of Environmental Quality, 5301 Northshore Dr. North Little Rock, AR 72118-5317.

Additional details concerning the proposed permit, including a copy of the major permit modification application, can be made available for inspection by contacting the Solid Waste Management Division at the above address or by calling 682-0601. There may be a charge to cover photocopying for some documents.

A second public notice concerning this proposed permit modification will be published once the Department has developed a draft decision to approve or deny the permit. Upon publication of the second notice, any interested person may submit written comments to the Department regarding the technical and regulatory merits of the draft permit modification decision. All comments received will be considered in developing the final permit decision. If those comments are received within the comment period designated in the second notice. Other than the permit applicant, only those persons who submitted written comments during that specified comment period, or who make comments for the record at any formal hearing called by the Department regarding this permit application, will have legal standing to appeal any final permit decision.
