SUBJECT: NABORS Class 1 Landfill
Reduction of Groundwater Sampling Frequency

Permit Number: 0249-S1-R2 AFIN: 03-00051
Document ID: 71757

The NABORS Class 1 Landfill is currently being sampled by an ADEQ contractor under Contract Number 4600033394. In an effort to reduce project costs, the groundwater sampling was examined to see what savings could be found while still providing technically adequate site information. After review of the groundwater sampling data, it was determined that the most technically acceptable way to achieve savings was to keep the same parameter list, but to reduce the sampling frequency from quarterly to semi-annually.
