RE: Final Permit Decision for the General Permit for a Yard Waste Composting Facility
(Type Y Composting Facility)
City of Little Rock, Yard Waste Compost Facility
Current Permit # 0031-SCYW; AFIN: 60-01071
Document Identifier #71800

Dear Mr. Atkins:

The Arkansas Department of Environmental Quality Office of Land Resources (ADEQ) Regulated Waste Operations has prepared a new General Permit for Yard Waste Composting Facilities. The thirty (30) calendar day comment period was from March 29, 2017 and end on April 28, 2017. There were no comments submitted during the comment period for the General Permit for a Yard Waste Composting Facility.

The General Permit for Yard Waste Composting has not significantly changed from the current permit. The only changes are editorial in nature. A copy of the final General Permit for Yard Waste Composting Facilities is attached. The Notice of Intent (NOI) is attached. In order to ensure coverage is maintained under the General Permit for Yard Waste Composting Facilities, a completed NOI must be submitted by August 2, 2017.

If you have any questions, contact Annette Cusher of my staff at 501-682-0841 or cusher@adeq.state.ar.us.

Sincerely,

A handwritten signature in blue ink, appearing to read "Tammie J. Hynum", is written over a blue circular stamp or seal.

Tammie J. Hynum
Acting Senior Operations Manager
Office of Land Resources
