Project: Well Locking Project
Budget ID: ADEQ-18025:05

Date: 12-7-2018

Task 1 - Check Wells for Locks

Harbor will mobilize a technician to the site to verify that all gas wells and groundwater monitoring wells have a locking device installed and are in good working condition. A photo will be taken of each well to document its condition. Any missing locks will be replaced. Any damaged hasps will be repaired as necessary.

Item	Units	Cost	Total
