FOR THE CONSTRUCTION AND OPERATION OF

SOLID WASTE TRANSFER STATION (TYPE TS)

0000-STSW-A,
0000-STSW-B,
0000-STSW-C,
&
0000-STSW-D

1. Legal Name of Applicant: Waste Management of Arkansas, Inc.	2. Name of Facility: Russellville Hauling Facility and Transfer Station
3. Applicant Legal Address (Mailing Address): 88 Joyce Lane	4. Facility Physical Location (Site Address): same as mailing
5. Applicant City, State, Zip: Russellville, AR 72802	6. Facility City State, Zip: same as mailing
7. Applicant Telephone Number: 479-699-1475	8. Facility Telephone Number: 479.968.2305
9. Applicant Email Address: jreyno10@wm.com	10. Facility Contact Person: Jodi Reynolds
11. Responsible Official: Don Gentilcore	12. Contact Person Email Address: jreyno10@wm.com
13. Title of Responsible Official: Director of Disposal Operations	14. Facility Latitude and Longitude: 35,16',49.77"N, 93,5',14.3"W
15. Responsible Official Telephone: 615-393-9208	16. Facility Section/Township/Range: T7N, R20W, SW1/4, SW1/4 of Section 1

17. Anticipated Service Area [see 22.903(b)(5)]

Pope, Johnson, Logan, Yell, Perry, Conway, Van Buren, Searcy, Newton, Searcy, Newton, & Johnson Counties

18. Maximum Throughput – Select One [see 22.903(b)(5)]

0000-STSW-A	5,200 tons annually	☐ A Capacity
0000-STSW-B	10,400 tons annually	☒ B Capacity
0000-STSW-C	20,800 tons annually	☐ C Capacity
0000-STSW-D	31,200 tons annually	☐ D Capacity

Throughput greater than 31,200 tons annually requires individual permit.

19. Has the facility received a Certificate of Need from the appropriate Regional Solid Waste Management District? [see 22.902(c)]

☐ Yes – Attach CON

☒ No – Explain exempt

Note: Facilities existing prior to June 1, 1999 are exempt from the CON requirement.

20. Is the site currently permitted by the Division as a Solid Waste Transfer Station?

☒ Yes

☐ No

If Yes, Permit Number : 0086-STSW-B

21. Location Restrictions and Siting Requirements Demonstration [see 22.902]
Facility must provide a location demonstration narrative – explain how the site meets or addresses the following location requirements

Location demonstration is attached ☐ or see Reference ID 60589

Is site located within 10,000 feet of any airport runway end used by turbojet aircraft?	☐ Yes	☒ No
Is site located within 5,000 feet of any airport runway end used only by piston-type aircraft?	☐ Yes	☒ No
Is site located in the 100-year flood plain?	☐ Yes	☒ No
Is site designed and operated to not restrict flow of base flood, reduce water storage capacity of flood plain, or result in washout of solid waste?	☒ Yes	☐ No
Is the site located in a jurisdictional wetland?	☐ Yes	☒ No
Has site obtained all necessary geographic site approval from government(s) of jurisdiction	☒ Yes	☐ No
Site active areas located within 50 feet of property boundary.	☐ Yes	☒ No
Site active areas located within 200 feet of an existing residence, place of business or drinking water supply not owned or leased by the applicant.	☐ Yes	☒ No
Was the site in existence prior to May 7, 1995?	☐ Yes	☒ No

22. Additional Required Attachments

Site Location Map [see 22.903(b)(2)]	☐Attached or Reference ID 60589
Map Depicting Wetlands [see 22.903(b)(3)]	☐Attached or Reference ID 60589
Site Plan [see 22.903(b)(4)]	☐Attached or Reference ID 60589
Design Plans and Specs [see 22.903(b)(6) and conform to 22.905]	☐Attached or Reference ID 60589
Operating Plan [see 22.903(b)(7) and conform to 22.904 and 22.906]	☐Attached or Reference ID 60589

23. Will the facility accept industrial and/or special waste defined by Regulation 22.102 or special waste described by Regulation 22 Chapter 7?

☒ Yes – Include special handling, storage, or other provisions in a dedicated section of the operating plan. List each waste here, unlisted wastes are not considered acceptable or permitted:
Residential, commercial, construction demolition waste, and source separated recyclable materials.

☐ No industrial/special wastes.

24. Permit Fees - for existing facilities the current annual billing cycle will remain unchanged and there are no additional fees. Simply continue paying the $450 annual fee when it is billed by DEQ.

New Facility – ☐ $900 initial fee is attached

All facilities – Are all DEQ invoices paid to date (for all permits or licenses)?

☒ Yes

☐ No, explain_____

25. Financial Assurance (FA) Requirement [22.1401]

A Capacity	☐ $5,500 FA Attached
B Capacity	☒ $11,000 FA Attached
C Capacity	☐ $22,000 FA Attached
D Capacity	☐ $33,000 FA Attached

FA must be in a mechanism allowed by 22.1405. Financial Assurance is waived for State and Federal facilities only. Generally, no other waivers will be allowed without extensive and acceptable rationale which demonstrates an alternative means for coverage should the owner or operator become financially incapacitated. Previous waivers are not valid under this permit revision.

26. Disclosure Statement

In accordance with A.C.A 8-1-106 a disclosure statement is required to be maintained on forms provided by DEQ. Exemption to this requirement exists for federal, state, municipal, county or solid waste management district owned sites. The exemption does not extend to improvement district or other extensions of government that are not instituted by an act of the General Assembly. Publicly held companies which file reports under Securities and Exchange Act are not required to file DEQ disclosure forms but they must submit the most recent report which provides information regarding the legal proceedings of the applicant.

DEQ Disclosure/SEC report Attached	☒
Exempt Federal, State, City, County, or RSWMD	☐
Other	☐ explain_____

Certification

To the best of my knowledge and belief, I certify the information provided in this Notice of Intent is true and accurate:

APPLICANT

Signature	Name and Title	Date
	Don Gentilcore, Director of Disposal Operations	12/6/2021

ENGINEER/CONSULTANT

The form on the following page may be provided for existing facilities.

Signature and Seal	Name and Title	Date

Applicant Responsible Official Certification – Professional Engineer Waiver

Signature and certification according to 22.301(i) is currently not provided herein. As the applicant and responsible official I am providing this additional signature and acknowledgment as follows.

- X I am the applicant and responsible official as shown and signed on the Notice of Intent (NOI) form.
- X The facility was previously permitted or covered by general permit coverage with an associated document set that is complete for permitting purposes and in accordance with applicable regulations. The document set was prepared under supervision of and is properly certified by a professional engineer registered in Arkansas. These documents may include but are not limited to operational plans and design narrative, design plans and specifications, maps, drawings, location demonstrations, local or regional approvals, closure plans, closure cost estimates as applicable.
- X I am cognizant and fully understand the facility plans and documents associated with the referenced facility. These documents are updated to the current facility design and operational methods and they address applicable requirements of Regulation 22 or other rules and statues.
- X I have attached copies or made proper reference the DEQ - Solid Waste online facility files - Document Identification Number (DIN) or numbers to address all sections of the NOI.
- X I have reviewed past year(s) tonnage rates, made reasonable consideration, and selected appropriate capacity designation for the facility. I understand this designation is connected to the selection of the appropriate cost estimate related to financial assurance. This is held by DEQ for third-party closure of the facility in case the facility is unable to complete closure obligations. I understand that the selected capacity is a limiting condition of the permit coverage. I understand I am obligated to continue financial assurance in a mechanism allowable by Regulation 22.
- X I understand the Regulation 22.301(i) requires professional services of an engineer licensed in Arkansas for the submission of design or operational changes or updates to plans. Professional Engineers are to be retained for guidance in day-to-day operational assistance related to the certified facility design, guidance in emergency situations, or guidance in situations which may threaten human life and welfare or which threaten the environment. I am not attempting to practice engineering and understand duties and responsibilities of professional engineers.
- X I have read and understand the conditions and continued requirements to maintain compliance with the general permit.
- X I certify the accuracy of these statements to the best of my knowledge. I understand the responsibility of accurate and truthful submittal and the duty to make corrections or updates to submittals to retain coverage under the permit.
