Good afternoon! The Springdale Hauling Company had a small fire in the can yard located in the northern portion of Eco-Vista near the maintenance shop this morning. The hauling company shop was cutting a tailgate off a front load truck as it was being prepared for scrap, so that the trash could be removed and sent to the landfill. This caused a fire at 10:25am. The landfill took the water truck to the fire, pulled the tailgate off and extinguished the fire. The trash will be loaded into a rolloff and hauled to the working face today. There was no damage outside the truck.

Please let us know if you have questions or need additional information. Photographs are attached.
