**Subject: Eco-Vista Class 1 Landfill**  
**Permit #: 0290-S1-R3; AFIN: 72-00144**  
**Request for Two (2) Operating Faces**

Dear Mr. Banic:

Eco-Vista, LLC anticipates the new Class 1 Cell 13A will open on or around April 29, 2024 (after approval by DEQ). With the opening of Cell 13A, EVLF requires the temporarily use of two operating faces. The purpose of this request is so heavier and bulky items can continue to be placed at in the current cell to prevent damage to the new liner during initial filling operations of the fluff lift in Cell 13A. The site will continue to place daily cover as required by Regulation 22.

TPLF is requesting this approval for 120 days, beginning once the Cell 13A Liner Construction Certification Report is approved. Should you have any questions, please contact Blake Small at 870-510-0174 or [bsmall@wm.com](mailto:bsmall@wm.com).

Sincerely,  
Eco-Vista, LLC

A handwritten signature in black ink that reads "Jodi Reynolds". The signature is written in a cursive, flowing style.
