RE: 2024 Water Quality Management Plan Governor Certification

Dear Director Hill:

Pursuant to the authority given to me by Governor Sarah Huckabee Sanders, I hereby certify that the Arkansas Water Quality Management Plan (WQMP) is current and has been updated as needed pursuant to Section 208 of the Clean Water Act and 40 C.F.R. § 130.6(e), and these updates have been made available for public comment pursuant to 40 C.F.R. § 124.10. The WQMP is updated as needed as permits are issued, renewed, or modified. The current WQMP may be viewed at: <https://www.adeq.state.ar.us/downloads/water/NPDES/WQMP.xls>.

The previously submitted Arkansas Governor's certification was dated February 6, 2023, and was granted partial formal approval by EPA on March 10, 2023. The enclosed table lists all facilities that have had changes in the WQMP since the last certification, with these changes indicated in the last column of the table.

EPA formal approval is still pending for 12 facilities included in the 2023 Governor Certification. DEQ submitted responses to EPA comments regarding each of those facilities, and respectfully requests that EPA formally approve the 12 pending facilities from the 2023 Governor Certification in addition to this 2024 Governor Certification either separately (preferred) or combined with the 2024 Governor Certification.

If there are any questions, please contact Shane Byrum in the Office of Water Quality at (501) 682-0618 or by email at Shane.Byrum@adeq.state.ar.us.

Sincerely,

A handwritten signature in blue ink, appearing to read 'S.E. Khoury', is written over a horizontal line.
