RE: 2025 Water Quality Management Plan Governor Certification

Dear Director Hill:

Pursuant to the authority given to me by Governor Sarah Huckabee Sanders, I hereby certify that the Arkansas Water Quality Management Plan (WQMP) is current and has been updated as needed pursuant to Section 208 of the Clean Water Act and 40 C.F.R. § 130.6(e), and these updates have been made available for public comment pursuant to 40 C.F.R. § 124.10. The WQMP is updated as needed as permits are issued, renewed, or modified. The current WQMP may be viewed at: <https://www.adeg.state.ar.us/downloads/water/NPDES/WQMP.xls>.

The previously submitted Arkansas Governor's certification was dated July 1, 2024, and was granted formal approval for a majority of the listed facilities on August 2, 2024, while the remaining twelve facilities were granted formal approval on July 2, 2025. The enclosed table lists all facilities that have had changes in the WQMP since the last certification, with these changes indicated in the last column of the table.

If there are any questions, please contact Shane Byrum in the Office of Water Quality at (501) 682-0618 or by email at [Shane.Byrum@arkansas.gov](mailto:Shane.Byrum@arkansas.gov).

Sincerely,
