Janelle,

The Governor has approved this regulation for permanent rulemaking initiation with the Arkansas Pollution Control and Ecology Commission (APC&EC). The Governor has also approved this for emergency rulemaking review and approval before the Executive Subcommittee of Arkansas Legislative Council and emergency rulemaking adoption by the APC&EC. The Governor will continue to review this regulation as both rulemaking processes proceed and may have further input before final adoption by the APC&EC. Please check back with this office before final adoption of the both the emergency rule and permanent rule.

Best,

Justin  
Director of Rules and Regulatory Affairs  
Office of Governor Asa Hutchinson
