NPDES Permit Number ARR001146, AFIN 29-00419

Missing 2013 Discharge Monitoring Reports and 2013 Annual Report

To: Michelle Bolenbaugh

Unfortunately, there are no reports for this location. Mr. Tony Rather was responsible for these and apparently did not perform them. He was terminated April 1, 2014 for dereliction of duty.

Please send copies of Permit paperwork that is due on June 30, 2014.
