

Arkansas Home Energy Score Implementation Ally Agreement

The Arkansas Energy Office (AEO) appreciates that your organization has expressed interest in delivering the Arkansas Home Energy Score to Arkansas residents. The Arkansas Home Energy Score, created in collaboration with the US Department of Energy (US DOE), is an effective tool to demonstrate and document energy savings opportunities in single family homes.

As an Arkansas Home Energy Score Implementation Ally, your organization may provide the Score as part of your (insert here: *energy efficiency assessment program, home performance program, independent home inspection business, independent home performance business*). As an Implementation Ally, you agree to meet the following program requirements:

1. Designate a primary point of contact.
2. Undertake qualification testing as administered by US DOE for all Assessors who will be issuing Scores (available online at no charge).
3. Provide the required certification documents (BPI etc.) to US DOE and AEO for all Qualified Assessors issuing Scores.
4. Inform AEO whenever a Qualified Assessor ceases participation in the Arkansas Home Energy Score program.
5. Rescore 5% of all homes scored. Provide this Quality Assurance through an Assessor on your staff who did not provide the original Score.
6. Monitor participation and performance of Qualified Assessors in the program; provide mentoring as needed.
7. Provide feedback on implementation of the Arkansas Home Energy Score and check in on a monthly basis (or more frequently if needed) with your AEO to discuss plans, issues and findings.
8. As an Implementation Ally, you allow AEO to retain a digital copy of the Arkansas Home Energy Scores issued by your Qualified Assessors.
9. At the time of signing this agreement, provide AEO with all Implementation Ally logos, messaging, and contact information that you want to be included on a customized version of the Arkansas Home Energy Score.
