

Low Income Household Water Assistance Program (LIHWAP) Consolidated Appropriations Act of 2021 and American Rescue Plan GRANT IMPLEMENTATION PLAN

Grantee Name: Arkansas Department of Energy & Environment

Document Status: Final Draft

Section 1 - Program Needs, Goals and Allocations

Community Needs and Program Goals

1.1 Description of Emergency Household Drinking Water and Wastewater Needs

The OCS priorities are restoration of household water services, reducing arrearages, reducing rates charged to households. Briefly describe current needs related to these priorities within your state, territory, or tribal areas. Describe any areas of concentrated need or special issues within communities served by water utilities within your state, territory, or tribal area.

The Arkansas Department of Energy & Environment, Division of Environmental Quality, Arkansas Energy Office (AEO) will provide restoration, prevent disconnection, and reduce arrearage of household water services for drinking water and wastewater. AEO is surveying drinking water and wastewater utilities to determine specific needs.

If funds remain after September 30, 2022, AEO will have a plan to assist households with rate reductions.

Additional information:

AEO coordinated with the Arkansas Health Department, Arkansas Rural Water Association, and the

1.2 Operational Priorities and Emergency Flexibilities

Consistent with goal of the American Rescue Plan to provide immediate relief to the American people, briefly describe the operational priorities within your state. territory or tribal area (e.g. immediate restoration of services to households without current water services, immediate payment of existing arrearages to prevent disconnection of drinking water or wastewater services after a previous moratorium on water services due to Covid-19).

Arkansas's priority is to provide crisis relief to low-income households who have had drinking water or wastewater services disconnected or are under threat of disconnection. Crisis is defined as: service is disconnected, there is a threat of disconnection, or there is a past due balance.

Arkansas's priorities:

- 1. Households with disconnected water services (crisis assistance)
- 2. Households with pending disconnection (crisis assistance)
- 3. Households with existing arrearages

If funds remain after September 30, 2022:

4. Households seeking assistance with current water bills

1.3 Expected Date for Initial Water Payments on Behalf of Households

Provide an estimated date by which payments will be initiated based on the operational priorities identified above (e.g. first stage of payments to restore services for currently disconnected households, etc.).

Pending approval of Arkansas's Model Plan, Arkansas will begin accepting applications by December 31, 2021. Payments of pledges made for approved applications will follow on a first-come basis.

If funds remain in the first quarter of federal fiscal year 2023 (October 2022), AEO will make payments for households seeking assistance with current water bills without a past due balance (rate reduction).

1.4	Estimate what amount of available LIHWAP funds will be used for each component that you will operate: The total of all percentages must add up to 100%. The combined total of Administration (State) and Administration (Subrecipients) must not exceed 15% of the total for either the Consolidated Appropriations Act or the American Rescue Plan Award.	Consolidated Appropriations Act of 2021 Percentage (%)	American Rescue Plan Grant Percentage %
	Household Benefits	75 %	75%
	Outreach/Eligibility Determination	10 %	10%
	Administration - State	2 %	2%
	Administration - Subrecipients	13 %	13%
	Total (each column must equal 100%)	100 %	100%

Categorical Eligibility

- 1.5 As outlined in the Terms and Conditions, current recipients the following programs are categorically-eligible for LIHWAP assistance:
 - Low-Income Home Energy Assistance Program (LIHEAP)
 - Means-tested Veterans Programs
 - Supplemental Security Income (SSI)
 - Supplemental Nutrition Assistance Program (SNAP)
 - Temporary Assistance for Needy Families (TANF)

Briefly describe your operational plans for enrollment of categorically eligible populations based on operational priorities outlined in question 1.2 (e.g. automatic enrollment, acceptance of documentation of enrollment during intake processes). If it will not be possible to include any of these programs in your intake/eligibility processes, provide a brief explanation.

Households applying for emergency assistance will be considered categorically eligible if they provide documentation demonstrating current receipt of LIHEAP, means-tested Veterans Programs, SSI, SNAP, or TANF benefits. Based on federal guidance, categorically eligible applicants do not need to provide additional documentation for proof of income. Applicants will be asked for their household income, size, and other characteristics for reporting purposes.

- *LIHEAP the CAAs that take LIHWAP applications and determine eligibility will have current LIHEAP recipient information.
- *SNAP In Arkansas, AEO has a data-sharing agreement with the Department of Human Services to receive a list of SNAP recipients twice a year. CAAs have this SNAP recipient information.
- *TANF AEO will reach out to the Arkansas Department of Commerce to establish a data-sharing agreement for TANF recipients.
- *SSI Arkansas will reach out to the Social Security Administration to develop a data-sharing agreement for SSI recipients in Arkansas.
- *Means-tested veterans programs AEO does not have the ability to reach out to this categorically eligible group.

For federal fiscal year 2022, eligibility for household sizes up to six persons is based on 60 percent of SMI. Eligibility for household sizes of seven or more is based on 150 percent of FPG. Item 2.5: AEO continues to survey water utility companies and may adjust the maximum benefit dependent upon responses. Item 2.7: Initially, AEO will provide crisis benefits to assist households that have had service disconnected or are under threat of disconnection. If funds remain after September 30, 2022, AEO will develop strategies to prioritize households with high water burden (priority group 3) when making benefit payments on current water bills.

Instructions for Certification

- By signing and submitting this proposal, the prospective primary participant is providing the certification set out below.
- 2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- 3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
- 4. The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.

The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
