

- DRAFT**
- LEGEND**
- Sediment Sample
 - ◆ Soil Sample
 - ◆ Dart Sample Location
 - Deep Core Sample Location
 - Operations Areas
 - Approximate Oil Extent (Source: ARCADIS, May 2013)
 - Drainage Path
 - Approximate location of containment boom during sampling activities

NOTE:
 Surface soil samples were collected as five-point composite samples at locations shown. Example composite grid layout shown for illustrative purposes only; see Table 2-1 for actual sample grid dimensions at each location.
