

# ***Support Your Local Recycler***

# ***Daughters of Charity***

# ***Services of Arkansas***

## ***Gould & Dumas***

### **Drop-off Established:**

**Curbside Started:** 2016

### **Accomplishments:**

Established a "Green Team" for the agency in May, 2016. We implemented a cardboard recycling program in September.

### **Challenges:**

We needed to find a recycler that would pick up the cardboard at our Clinic sites in Dumas and Gould. We successfully negotiated with a recycler who agreed to provide collection bins at sites and to pick up the cardboard on an agreed upon schedule.

### **Plans:**

We are working on paper recycling at clinic sites. We also need to find a recycler that will pick up the paper collected. Until that is achieved, we will arrange for volunteers to transport the paper to the recycler.
