Recycle America

Little Rock

Drop-off Established:

Curbside Started: 2012

Accomplishments:

In 2012, Little Rock, North Little Rock and Sherwood contracted with Waste Management, Inc., to begin single stream curbside recycling. Participation of about 25% went up to 70-80% with the new program.

Challenges:

Waste Management invested \$4 million towards renovating the MRF to accommodate single stream. Contamination is a concern right now.

Plans:

Working on educational program and promotion to encourage residents to recycle the right items in the cart.
