

NOTICE OF PROPOSED THIRD-PARTY RULEMAKING, PUBLIC HEARING

The Arkansas Pollution Control and Ecology Commission (PC&EC) will hold a public hearing at El Dorado, Arkansas, November 13, 2006, to receive comments on a third-party proposal by Great Lakes Chemical Corporation (GLCC) to change the Arkansas Water Quality Standards (PC&EC Regulation No. 2) for several streams affected by the GLCC wastewater discharge. The hearing will begin at 6:00 p.m. at the South Arkansas Community College, East Campus, Center for Workforce Development Building, Room 121, 3698 E. Main, El Dorado.

A second public hearing involving a third-party proposal by El Dorado Chemical Company (EDCC) to change Regulation No. 2 with regard to the EDCC wastewater discharge will be held at the same location immediately after the GLCC hearing adjourns. Information regarding the EDCC proposal can be found in a separate legal notice in this newspaper.

Sections 3.4.1 through 3.4.4 of PC&EC Regulation No. 8 (Administrative Procedures), and the Arkansas Code, Annotated, Section 8-4-202(c) provide that outside parties may petition the PC&EC to initiate the rulemaking process to adopt or amend regulations under the PC&EC's jurisdiction. Arkansas Statute 8-4-201(3) authorizes the PC&EC to adopt water quality standards for the State of Arkansas.

The fact that the PC&EC has agreed to initiate such a third-party rulemaking procedure does not constitute an endorsement of the proposal at this time. The PC&EC will decide whether to adopt the proposed changes after the conclusion of the public comment period for the proposal and after GLCC and the Arkansas Department of Environmental Quality (ADEQ) staff respond to all public comments submitted.

The GLCC proposal would revise Regulation No. 2 as follows:

- Modify the chloride, sulfate, and total dissolved solids standards for an unnamed tributary of Bayou de Loutre, and remove the designated, but not existing, domestic water supply use classification for the stream;
- Modify the chloride and total dissolved solids standards for a second unnamed tributary of Bayou de Loutre, and remove the designated, but not existing, domestic water supply use classification for the stream;
- Modify the chloride standard for a portion of Bayou de Loutre and remove the designated, but not existing, domestic water supply use classification for the stream.
- Modify the chloride, sulfate and total dissolved solids standards for an unnamed tributary to an unnamed tributary of Little Cornie Bayou, and remove the designated, but not existing domestic water supply use classification for the stream;
- Modify the chloride and total dissolved solids standards for an unnamed tributary to Little Cornie Bayou, and remove the designated, but not existing domestic water supply use classification for the stream;
- And modify the chloride and sulfate standards for a portion of Little Cornie Bayou.

Detailed copies of the proposed regulation change, along with support documents and summary information, are available for public inspection at the ADEQ's Little Rock office in the Public Outreach and Assistance Division, Building D, 8101 Interstate 30, and in ADEQ

information depositories located in public libraries at El Dorado, Camden, Crossett, Magnolia, and Monticello. In addition, summary information concerning the proposal is available at other ADEQ information depositories located in public libraries at Arkadelphia, Batesville, Blytheville, Clinton, Fayetteville, Forrest City, Fort Smith, Harrison, Helena, Hope, Hot Springs, Jonesboro, Little Rock, Mena, Mountain Home, Pocahontas, Russellville, Searcy, Stuttgart, Texarkana, and West Memphis; and in campus libraries at the University of Arkansas at Pine Bluff and the University of Central Arkansas at Conway, and in the Arkansas State Library located on the State Capitol grounds at Little Rock.

Information concerning the proposed changes also can be viewed and downloaded at the ADEQ's Internet web site at the following URL address: www.adeq.state.ar.us .

Oral and written comments on the proposed change to Regulation No. 2 will be accepted at the hearing, but written comments are preferred in the interests of accuracy. In addition, written or electronic mail comments will be accepted if received no later than 4:30 p.m. November 29, 2006. Written comments should be sent to Doug Szenher, public/media affairs manager, Arkansas Department of Environmental Quality, Public Outreach and Assistance Division, P.O. Box 8913, Little Rock, AR 72219-8913. Electronic mail comments should be sent to the following address: reg-comment@adeq.state.ar.us .
