DOCKET NO. 13-005-R

**ARKANSAS DEPARTMENT OF ENVIRONMENTAL QUALITY'S
RESPONSIVE SUMMARY**

On May 9, 2013, the Arkansas Pollution Control and Ecology Commission granted the petition of Tyson Foods, Inc.-Waldron Plant ("Tyson Waldron") to initiate rulemaking to amend APC&EC Regulation No.2, Regulation Establishing Water Quality Standards for Surface Waters of the State of Arkansas. ADEQ's August 5, 2013 comments serve as ADEQ's response to public comments received during the first round of public comments. In response to those public comments, Tyson Waldron amended its site specific water quality study, collected additional data, and moved to reinstate the rulemaking based on the results in the revised study.

On January 25, 2019, the Arkansas Pollution Control and Ecology Commission granted the second petition of Tyson Waldron to initiate rulemaking to amend APC&EC Regulation No.2, Regulation Establishing Water Quality Standards for Surface Waters of the State of Arkansas. A public hearing was held on April 2, 2019, at the Scott County Courthouse in Waldron, Arkansas. No public comments were made at the public hearing. The public comment period ended on April 16, 2019. No written comments were received.

Respectfully submitted,

By: 

Basil V. Hicks III, Attorney
ARKANSAS DEPARTMENT OF
