Comments on removal of domestic water supply use from Town Branch and Holman Creek	I OPPOSE the removal of the domestic water supply designated use from Holman Creek and Town Branch. Although domestic water supply use is not an existing use on these stream reaches, designated uses are meant to represent the goal of a particular waterbody. I feel strongly that the domestic water supply uses should remain a GOAL for these stream reaches.
Additional comments (optional)	ADEQ should not allow degradation of Waters of the State, which by definition belong to all Arkansawyers, just to benefit a private corporation such as Butterball. Butterball should upgrade their pretreatment facilities as a cost of doing business and not pass this cost along to public citizens by way of lowered water quality.
